NEWS RELEASE

April 10, 1969
FOR RELEASE UPON RECEIPT

SGWU Vice-Principal, Administration and Finance, John Smola has issued the following statement:

It is with great regret that I announce that Mr. Donald Peets has resigned as Registrar of the University.

Mr. Peets will give up his administrative position on May 31, and will devote himself full-time to his academic responsibilities as Professor of Human Genetics.

During the past 13 years Mr. Peets has performed a number of vital administrative functions for this University. This has been a period of great and rapid growth. Through his advice and his actions, notably since he became Registrar seven years ago, Mr. Peets has been of immeasurable assistance to the University in coping with the requirements and problems resulting from that growth. It is good to know that he will remain an active member of the University community.
